3. BUSINESS REVIEW FOR THE REPORTING PERIOD

In 2016, Ping An entered its 3.0 Era defined by "Open Platform + Open Marketplace". It remained committed to the "customer-centric" concept, continuing to enhance the customer experience. As a result, the level of its customer management continued to rise. While its insurance and banking businesses maintained steady and healthy growth, Ping An's asset management business structure continued to improve, and its internet finance business maintained rapid growth.

In the first quarter of 2016, the Company's performance are as follows:

Despite the adverse effect caused by the economic slowdown, the capital market volatility, and the change in the benchmark yield curve for the measurement of insurance contract liabilities, the Company still achieved growth for all key performance indicators in the first quarter of 2016. The Company's net profit attributable to shareholders of the parent company stood at RMB20,700 million, up by 3.7% over the same period last year. New business value of life insurance achieved RMB13,084 million, up by 38.3% over the same period last year. As at March 31, 2016, equity attributable to shareholders of the parent company reached RMB347,693 million, up by 4.0% over the beginning of the year; and total assets were over RMB5 trillion, up by 5.1% over the beginning of the year.

Ping An has been actively implementing innovative customer operation model under the "customer-centric" concept, which saw a significant customer migration.

As at March 31, 2016, the number of individual customers of Ping An's core finance companies was nearly 114 million, of which 65.56 million became internet users. In the first quarter of 2016, new customers of core finance companies reached 9.17 million, with 2.63 million new customers from the migration of our internet users.

Life insurance business maintained steady and healthy growth with the rapid growth in new business of individual life insurance. Property and casualty business recorded continuous growth and maintained a sound level of profitability.

Ping An Life placed customer-focused operations as its core, keeping teamwork as the foundation, benevolence as the root, and customer experience and innovation as the driving forces. It focused on the synergetic development of multiple channels, namely individual sales agents, bancassurance outlets, telemarketing and internet marketing. Ping An Life also strove to achieve sustained, healthy and stable development of its embedded value and business scale. In the first quarter of 2016, life insurance business recorded written premiums of RMB134,716 million, representing an increase of 28.3% over the same period last year; the value of new business amounted to RMB13,084 million, up by 38.3% over the

same period last year. Written premiums from the new business of individual life insurance business reached RMB42,711 million, up by 38.5% over the same period last year. The telemarketing channel recorded written premiums of RMB3,898 million, representing an increase of 32.4% over the same period last year, maintaining rapid growth and leading the telemarket by market share. In the first quarter of 2016, the life insurance business recorded a net profit of RMB12,444 million.

Ping An Annuity maintained healthy growth in all of its businesses. In the first quarter of 2016, the long-term and short-term insurance businesses of Ping An Annuity reached RMB2,358 million and RMB5,190 million in size, up by 18.3% and 26.0% over the same period last year, respectively, whose market share maintained leading positions in the industry. As at the end of the first quarter of 2016, corporate annuity entrusted assets and assets under investment management reached RMB130,812 million and RMB139,350 million, respectively, and other entrusted management assets reached RMB95,921 million, maintaining its leading position in the industry. Ping An Annuity continued to promote the "Social Health Insurance One Account" platform. The pilot model of "Smart Social Health Insurance" management and service system achieved initial success in cities such as Xiamen.

Ping An Property & Casualty has long adhered to the "customer-centric" business model and the "Thrive through Innovation" operational concept. In the first quarter of 2016, Ping An Property & Casualty recorded premium income of RMB43,552 million, up by 3.9% over the same period last year; of which RMB37,293 million was contributed by automobile insurance, up by 17.5% over the same period last year. Ping An Property & Casualty's premium income from cross-selling, telemarketing and internet marketing reached RMB21,652 million, up by 18.3% over the same period of last year. Premium income from car dealers reached RMB9,452 million, up by 16.6% over the same period of last year. In the first quarter of 2016, the property and casualty insurance business recorded a net profit of RMB3,277 million, and the combined ratio was 94.3%.

As at March 31, 2016, the investment portfolio of insurance funds was valued at approximately RMB1.76 trillion, up by 1.8% over the beginning of the year. Affected by equity market volatility, total investment income for the investment portfolio of insurance funds was RMB20,445 million in the first quarter of 2016, down by 36.4% over the same period last year.

Banking business maintained stable growth in business scale with continued improvement in its operating efficiency. The effects of financial innovation emerged, and asset quality stayed at a manageable level.

In the first quarter of 2016, Ping An Bank achieved a net profit of RMB6,086 million, up by 8.1% over the same period last year; total revenue increased by 33.2% to RMB27,532 million over the same period last year, of which net non-interest income reached RMB9,134 million, up by 65.3% over the same period last year. The percentage contribution of net non-interest income to revenue increased by 6.44 percentage points to 33.18% over the same period last year; with improved efficiency, the cost-to-income ratio reached 29.35%, decreasing by 4.03 percentage points over the same period last year. Following the synergetic development of the deposit and loan business, the balance of customer deposits of Ping An Bank was RMB1,854,365 million as at the end of the first quarter of 2016, up by 6.9% over the beginning of the year. Total loans and advances to customers stood at RMB1,262,786 million, up by 3.8% over the beginning of the year; total assets stood at RMB2,681,155 million, up by 6.9% over the beginning of the year.

Around the opportunities in relation to national strategic focuses and industry transformation, Ping An Bank spared no efforts in the further development of industry funds, merge and acquisition finance, etc.; the interbank client base was expanding progressively with a total of 730 "Hang-E-Tong" platform partner clients, an increase of 215 in the first quarter of 2016; the retail business tops the agenda and "Orange Bank" has established an extensive model on customer acquisition. The customer count at the end of first quarter reached 6.30 million, representing an increase of 24.0% compared with the beginning of the year.

Affected by the economic slowdown and further structural reforms across industries, some enterprises experienced difficulties in operations and financing. As a result, the banking industry as a whole has seen more pressure on asset quality. The asset quality of Ping An Bank has also been affected to a certain extent, but it remained within manageable levels. As at the end of the first quarter of 2016, Ping An Bank had non-performing loans of RMB19,750 million, with a non-performing loan ratio of 1.56%; a provision coverage ratio of 161.01%, and a loan loss provision ratio of 2.52%. Ping An Bank had adopted a series of measures to optimize the credit structure and strengthen its effects to dissolve, write off and dispose of non-performing loans, in an effort to mitigate various risks arising from existing loans. In addition, Ping An Bank imposed strict controls over new non-performing loans, to maintain stable asset quality.

Trust business accelerated development of innovative businesses and optimization of business structure, while implementing strict baseline control of risk management. Securities business maintained steady and healthy growth, while brokerage business maintained industry lead in new customer acquisition. With continuous efforts to grow its investment capability, Ping An Asset Management has been developing its third-party business in a stable and healthy manner.

In the first quarter of 2016, the trust industry was affected by the transformation of real economy, downward pressure on market interest rates and intensified market competition. It transitioned from a stage of rapid growth over preceding years, to one of stable growth. Having actively dealt with market challenges and seized market opportunities, Ping An Trust has been accelerating the development of its businesses in private wealth management, private investment banking and institutional asset management, interbank operations and private equity investment. This was carried out on the principles of "Safeguarding Risk Baseline, Transformation as Foundation, Management as Development". Ping An Trust also made breakthrough in the innovation of its PE funds, reform of mixed ownership for the state-owned enterprises, and asset securitization, which were part of its efforts in the continuous transformation of its business structure. In the first quarter of 2016, the trust business generated RMB993 million in management fees income for trust products, up by 9.1% over the same period last year. As at March 31, 2016, assets held in trust amounted to RMB616,104 million, up by 10.3% over the beginning of the year. Of this, the administrative category grew by 35.6% to RMB304,608 million, while the investment category dropped 5.7% to RMB161,920 million, and the financing category dropped 7.7% to RMB149,576 million. Meanwhile, Ping An Trust continuously strengthened its risk management to avoid potential risks arising in connection with the existing businesses, and exercised strict control over new businesses to maintain relatively sound asset quality.

In the first quarter of 2016, Ping An Securities maintained stable growth, with an operating income of RMB2,323 million and a net profit of RMB747 million, up by 25.2% and 16.7%, respectively over the same period last year. The brokerage business maintained its industry leading place in terms of new customer acquisition. In the first quarter of 2016, the business had a market share of 28% in terms of new customers. The ranking in terms of customer base improved to seventh place in the industry. Ping An Securities recorded rising levels of APP installation and activity rate, with APP transactions accounting for 30% of total transactions. Ping An Securities ranked fourth among peers by the number of bond issuances, for which it acted as lead underwriter. Bond transactions maintained a high rate of return. By combining international experience and local expertise, Ping An Securities has been a constant innovator and pioneer in the interest rate swap business, with a scale that is among the largest in the market. As at the end of March 2016, the size of assets management business reached RMB301,258 million, up by 27.1% over the beginning of the year. Ping An Securities made smooth progress in the development of the industry fund platform and in its search for potential business partners.

Ping An Asset Management improved continuously its investment capabilities, optimized strategic investment system and enhanced its risk management, so as to expand its third-party asset management business constantly and steadily. As at the end of March 2016, assets under management amounted to RMB2.01 trillion, up by 2.2% over the beginning of the year; among which, the scale of its third-party asset management business reached RMB260,212 million, up by 5.9% over the beginning of the year. Its third-party asset management business fees income was RMB655 million, up by 151.8% over the same period last year.

The internet finance companies made further inroads in their strategies and maintained rapid growth in their business.

Lufax and Qianhai Financial Assets Exchange operate an open financial transaction information service platform for all financial institutions, corporates and individuals, matching supply with demand through the internet and strove to grow the public wealth. As at March 31, 2016, Lufax had over 21.05 million registered users, up by 2.75 million over the beginning of the year, and had over 4.83 million active investment users, up by 1.20 million over the beginning of the year. It achieved RMB305.5 billion in individual retail transactions, up by over 5 times over the same period last year, including RMB37.6 billion in primary and secondary transaction volume of P2P business which was up by over 4 times over the same period last year. It recorded institutional transaction volume of RMB995.4 billion, up by over 3 times over the same period last year, maintaining its leading position in the industry.

Combining "Ping An Doctor" APP and its offline health medical services platforms, Ping An Health Cloud focused on developing a one-stop and full-process O2O health medical services platform, becoming the No.1 online medical service platform in China. As at March 31, 2016, "Ping An Doctor" APP provided health management services to nearly 65 million users, with peak daily consultations exceeding 250 thousand. "Ping An Doctor" APP ranks among the top three APPs under the same category in major application markets.

Ping An Pay was further integrated with Wanlitong in terms of functions, products and scenarios, which improved the allocation of resources and harmonized its development. In the first quarter of 2016, the payment-processing business and the loyalty point business recorded total transaction volume of RMB631.6 billion, up by 208.3% over the same period last year. Being the core payment platform of Ping An Group, in the first quarter of 2016, Ping An Pay processed various payments worth RMB623.5 billion in total, up by 208.1% over the same period last year; "Yiwallet" APP had 57.46 million registered users at the end of the first quarter of 2016, up by 26.4% compared with the beginning of the year.

PA Haofang fully tapped Ping An Group's strength in integrated finance to build an O2O real estate finance platform. As at March 31, 2016, PA Haofang's official website had over 9 million registered users. The website hosts various portals such as New Houses, Second-hand Houses, House Leasing, Overseas Houses, Haofang Finance, and Haofang Crowdfunding. PA Haofang has signed strategic cooperation contracts with 40 of China's top 300 real estate developers, while 28,477 new buildings were showed online. In the first quarter of 2016, PA Haofang achieved RMB15.27 billion in new house sales through its platform, and steadily promoted its pilot models for the second-hand houses and house leasing businesses.

Ping An Financial Technology is committed to building One Account Management Services into the largest open internet financial service platform in China, providing all kinds of services such as account management, wealth management, credit management and lifestyle management. As at the end of the first quarter of 2016, the platform's accumulated users reached 120 million with over 15 million monthly active users. In terms of account management, nearly 60% users have added 2.1 accounts on average among the nine financial and lifestyle accounts.

Looking ahead to 2016, the macroeconomic environment will remain complex and present both challenges and opportunities. We will closely monitor the changes of external economic environment, forge ahead with the building of the two-pronged operation model of "Integrated Finance + Internet" and "Internet + Integrated Finance", and continue to maintain the steady growth of our businesses.
